

The view today from
Girling Street

Churchill's first proposal,
failing to make good use of
this conspicuous site

First proposal, side view.
Unimaginative, poor details.
Why the chimneys??

Proposal 2 from Girling St.
Much better: rounded corners
under a curved roof, with
finer details

The view today from the roundabout

Proposal 2 from the roundabout, also showing the new entrance to Belle Vue Park

The view today from
King Street

Proposal 2 viewed from
King Street

Belle Vue House when converted into two homes
